Focused Discipleship: Basic Skills for Giving Wise Counsel

Basic discipleship training for the local church. Church leaders are in a unique position to reach out to people who are struggling. You may be a deacon, a teacher, a youth worker, a Bible study leader or a pastor. However you serve Christ in the church, you need to know how to help people find God's answers in His Word. People under your care are hurting. Do you ever neglect to reach out simply because you don't know how? Basic Skills for Giving Wise Counsel helps to equip church leaders to give Bible-based advice. This seminar fills the prerequisite for BCM Basic Skills classes.
