

Give wise counsel. Learn to be more effective at helping people find answers to their problems from God's Word through **Biblical Discipleship**.

EVERYDAY DISCIPLESHIP

For Sincere Christians

No one has a 'corner' on spirituality. Christians are all sinners saved by grace, called to grow in Christ and to help one another. Learn how to be more effective at using Scripture to find God's answers to the problems you and your loved ones face.

FOCUSED DISCIPLESHIP:

Basic Skills for Giving Wise Counsel

For Church Workers and Leaders

Church leaders are in a unique position to reach out to people who are struggling. You may be a deacon, a teacher, a youth worker, a Bible study leader or a pastor. However you serve Christ in the church, you need to know how to help people find God's answers in His Word. People under your care are hurting. Do you ever neglect to reach out simply because you don't know how?

PASTOR'S TOOLBOX:

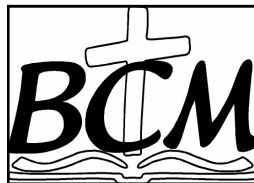

BUILDING LEADERSHIP

For Pastors and Church Boards

You know from Galatians 6:1-2 that Focused Discipleship is Biblical and necessary. But you don't need another copious model to follow, or a time-consuming set of instructions that doesn't really fit your church.

Our pastor's toolbox workshop addresses the challenges you face to make your church growth Biblical. You will be encouraged to collaborate with other area pastors with consultation and relevant discussion, and then to put together a discipleship plan that works for **your** church.
